RAPPAHANNOCK ICE CO., Urbanna, Va-

Gentlemen;—In September, 1809, I took rheumatism in a very bad form. In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn, so much so that I could not use them. My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly twelve months. The mussles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, came to see ms. He told mie to try your "RHEUMACIDE" He got me one bottle of the medicine and I began to take it and before the first bottle was used up I began to get better. I used five and a half bettles and was completely cured. That was two years ago, and my health has been excellent ever since. Have had no symptoms of rheumatism. I regare "RHEUMACIDE" as by far the best remedy for rheumatism on the market. I cannot say too much for it. I have recommended it to others since and it has cured them. Write us for prices and save money. Will say further, that I began to walk in about six days after I began to take "RHEUMACIPE," with the aid of crutches; in about three mouths after I began to take it, I could walk as good as anybody, and went back to work again.
